## 1932 MASTER CYLINDER MOUNT AND PEDAL KIT

The drawing shown is the part #3009 and #3010, a dual reservoir master cylinder, mounting bracket, and power booster assembly.

The dimension indicated in drawing ( $40\frac{3}{4}$ ) is measuring from the center of the pivot tube of the master cylinder bracket to the center of the front crossmember. When positioning, please be sure the pedal does not interfere with any other components.
